Importance: High

Dear Lavit / Suraj San,

Reference to attached email dated **Sent:** Tuesday, May 7, 2024 11:53 AM and proposal received from the vendor (attached)

Background: the proposal for replacement of the feeder cable for streetlights left side while existing was proposed long back but could not completed due to various reasons (reference mail attached) Since, the cable is damaged at many locations and 50 % of the lights are not working / connected on single phase etc hence impacting operations and customers satisfactions. In view of upcoming launches of phase 4 & 5 , We needs to get the feeder cable & connector/ insulators replaced..

Please coordinate with the vendor and prepare for LOGIC / APPROVAL NOTE for management approval.

Budget Head: ADMIN/ R &M/ MISC

Dear Ashok ,
I was unaware of this , we discussed the same in yesterday meeting , till the time new cable is not connected , ask MST to run security cabin through street light feeder by manually controlling the street lights .

Also I had informed you about the payment issue which has to be resolved , otherwise vendor has denied supply any material .

Warm Regards,

Santosh Kumar Pradhan

Subject: RE: Replacement of Feeder cable for outer Security post.

Dear Santosh San,

Reference trail mail;

Order for replacement of cable for outer security post was issue long back; Kindly ask the vendor to complete the cabling work on priority..

Presently the security post is connected on temporary connection from streetlight.

Also, the feeder cable for streetlights left side while existing is pending for replacement; measurement for the same was done with new road lights.

Kindly update status.

Warm Regards,

Ashok Kumar

Subject: Replacement of Feeder cable for outer Security post.
Importance: High

Dear Santosh San,

As discussed with you, the power cable feeding to outer gate security post was damaged by JCB machine, while excavation of the green belt in alignment of the road being prepared for Waterfall residency (Phase- 1).. You are requested to kindly consider replacement of feeder cable for outer security post along with the street light poles and cabling.. same feeder might be used for boom barriers, focus lights, etc at outer security post..

Details: Copper cable – 10 sq mm, 4 core..
Approx. length= 600 meter.

Warm Regards,

Ashok Kumar
