

To

The Head Human Resource
Krisumi Corporation Private Limited

Dear Sir,

We would like to update you about Ram Singh (K1164) who is a part of Krisumi family since September 28, 2021 as a housekeeping attendant. He is from a very poor family, his brother is working in Jaipur in a hospital in housekeeping department and they are originally from Karauli in Rajasthan. His father is a daily wage earner.

Ram Singh has been unable to come to work from February 18, 2022 due to his medical emergency and he is admitted in AARVY Hospital for rupture of his intestine and after doctor consultation he got operated on the same day. He first went to a Civil government hospital in sector 9, but they were not giving him admission even after waiting for long time and as his condition was getting critical, our staff took him to ESIC Hospital in Manesar as employees who are covered in ESIC get free medical treatment, but he was refused as he was not eligible to avail the facility in super specialty consultation for any critical illness as he has not completed six months in Krisumi Corporation.

When our employees came to know about his condition, we all made a contribution to help him out and were able to collect Rs. 81,200/- for his treatment but this amount is not sufficient. His family has already arranged Rs. 40,000/- payment to the hospital at the time of admission. Hospital administration has given an approximate cost of 2 lakh which includes the operation cost of 1.5 lakh.

We would like to request you to please help him out in this situation and approve an amount of Rs. 50,000/- from company's side which will not be refunded from the employee. This will help his family to come out of this emergency medical situation.

Ram Singh and his family has already expressed their gratitude for helping him out and saving his life in this critical time.

Thanks & Regards
Rakesh Lamba
Assistant General Manager - Administration

22/2/22
Comm
- on for Rs. 50,000/-
from Krisumi's side as a
donation/ Employee Welfare
to the employee as his
